

# EASYfoam FireSeal HR

## Fireproof sound-absorbing and insulating foam

EASYfoam FireSeal HR is a flexible open-cell polyurethane foam with a white glass fibre top layer. This top layer protects the material against splashes of water and oil.

### Profits

- ✓ CE certified
- ✓ Reinforced glass fibre top layer
- ✓ Fireproof

### Applications

- High-end industrial applications
- Mechanical engineering
- Shipping & Offshore

Unlike most polyester foams and polyether foams, EASYfoam FireSeal HR is suitable for use in public areas thanks to its excellent burning properties.

### Size

EASYfoam FireSeal HR is directly available from stock in thicknesses of 25, 40 and 50 mm. The standard plate dimensions are 96 x 58 cm and 116 x 96 cm.

### Custom made

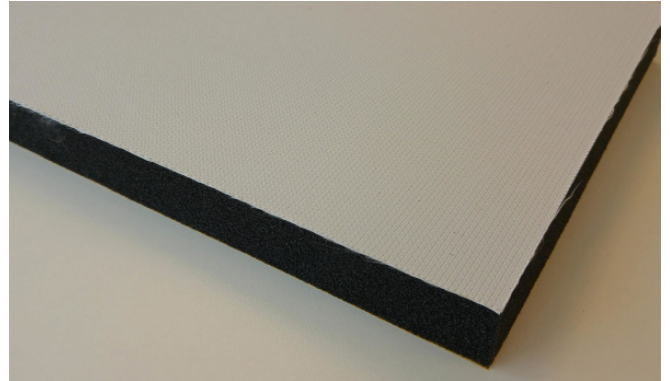

EASYfoam FireSeal HR is available in different dimensions, thicknesses and if desired, in punched or custom cut parts.

### Color

Black with white topcoat.

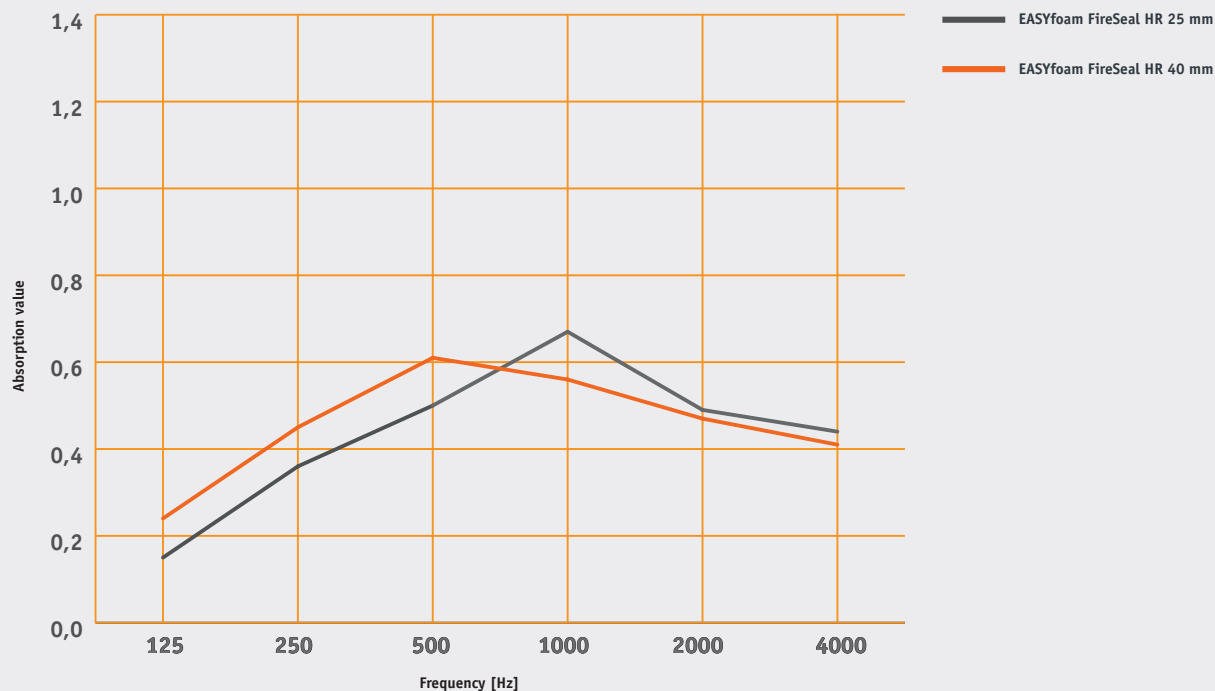

### Processing

This product can be personally custom cut to size with a utility knife or band saw. For good adhesion of the self-adhesive layer, the substrate must be clean, dry and free of dust and grease. Press the product firmly and evenly to avoid air inclusions. If the surface is rough and/or uneven, it must first be pre-treated on one side with MKD Extreme Tack contact adhesive to guarantee good adhesion.

The absorption values are measured according to EN 354:2003

#### EASYfoam FireSeal HR

#### Self-adhesive layer

The self-adhesive layer is temperature resistant up to 100 degrees. Do not apply these products at temperatures below 15 degrees

#### Humidity

This product does not deform or age under humid conditions.

#### CE certificate

EASYfoam FireSeal HR has received the CE certificate according to Directive 2013/53/EU and therefore meets the requirements in the field of safety, health and the environment for recreational crafts.

#### #weareacoustics

EASY Noise Control is the specialist in acoustics and sound insulation. We are market leader in solutions at the field of room acoustics for buildings. In addition, we supply a wide range of acoustic materials directly from stock.

#### Ordering or more information

Visit our website or showroom for acoustic advice or contact us by telephone for an appointment on location.
